Fax Number (with Country and Area Codes): 713-704-7370

Email Address: Brooke.N.Moore@uth.tmc.edu

Mailing Address: 6400 Fannin, Suite 2800

City: Houston

State/Province: TX

Postal Code: 77030

Country: United States

2015: No

2016: No

2017: No

2018: Yes

2019: Yes

2020: Yes

Length of Program: 2 years

Number of Positions: 1 per year

ACGME: No

UNCS: No

Institutional GME: Yes

Other Accreditation: Texas Medical Board

H1B: No

J1: Yes

Both: No

Fellowship Description. Feel free to add as much detail as possible regarding the position.: NEUROENDOVASCULAR SURGERY FELLOWSHIP - Two (2) Year Program
Open to Neurosurgeons, Neurologists and Radiologists The goal of our Neuroendovascular Surgery Fellowship is to train experts in this subspecialty field. Upon completion of the training, the fellow will be able to use his/her detailed knowledge of catheter technology, radiological imaging, and clinical expertise to diagnose and treat diseases of the central nervous system. Fellows will also work alongside our open surgical cerebrovascular colleagues and gain a viewpoint of the advantages of those technologies, so as to select from the best and fullest spectrum of care. The objective of training is to give fellows an organized, comprehensive, supervised, full-time educational experience in neuroendovascular surgery. This experience includes the management of patients with CNS vascular disease, the performance of neuroendovascular diagnostic and procedures, and the integration of neuroendovascular surgical therapy into the clinical management of patients with stroke, subarachnoid hemorrhage, and other disorders.
