EXECUTIVE PARTNERSHIP PROGRAM

Thank you

The Society of Vascular and Interventional Neurology is grateful to all our past and future supporters. As our Society grows and we begin to invest more time and resources in our various initiatives, the need for your support increases. We would like to thank our sponsors, grant supporters, exhibitors, and partners.

BENEFITS OF SVIN SPONSORSHIP

1. VISIBILITY

Amplify your brand and stay front and center for the innovative leaders in Vascular and Interventional Neurology.

2. LEADERSHIP

Establish yourself as a thought leader to the SVIN membership and beyond.

3. IMPACT

Provide SVIN members with your unique expertise and solutions.

SVIN EXECUTIVE PARTNERSHIP PROGRAM

As we grow, we would like to recognize supporters that invest in more than one of our many initiatives. Our Executive Partnership Program provides additional benefits to supporters that invest in multiple initiatives. In turn, this program provides a large platform for SVIN to grow and continue achieving our goal of becoming the leading society for vascular and interventional neurology. The packages below are geared towards partners that invest the below amounts in at least 3 different initiatives.

	Diamond Partnership \$100,000+ per initiative	Platinum Partnership \$50,000+ per initiative	Gold Partnership \$30,000+ per initiative
Recognition of partnership in all SVIN Annual Meeting promotional materials	X	X	X
Company logo listed on the SVIN website hyperlinked to your company's website	X	X	X
Complimentary memberships for your organization	50	25	15
Complimentary registrations to our November Annual Meeting	25	10	5
Celebratory Breakfast or Reception (your choosing) at the Annual Meeting for up to 20 of your corporate representatives with the SVIN Board of Directors	X	X	X

SPONSORSHIP

The Society of Vascular and Interventional Neurology's Annual Meeting

The Society of Vascular and Interventional Neurology's Annual Meeting is a premier international academic gathering that covers the full spectrum of cerebrovascular diseases and stroke. As an industry supporter, the meeting will provide a powerful forum to share your company's expertise, visibility to key decision makers for your brand, a variety of promotional opportunities available before and during the conference to expose attendees to your company, and position your company as a leader in the industry.

SPONSORSHIP LEVELS

	Diamond \$150,000+	Platinum \$115,000+	Gold \$55,000+	Bronze \$10,000+
Recognition of support in all SVIN Annual Meeting promotional materials	X	X	X	X
Company logo listed on the SVIN Annual Meeting page hyperlinked to your company's website	X	X	X	X
Listing in mobile app with 1 PDF attachment to profile	X	X	X	X

- Two exhibitor staff registrations with access to the exhibit hall and general session (additional passes and registrations available at discounted rate)
- Company listing and 50-word company description printed in attendee registration materials.
- Listing of company name on SVIN 2022 Annual Meeting website with a hyperlink to the company's website.
- Listing of company name on the SVIN 2022 Annual Meeting mobile app with company details listed.

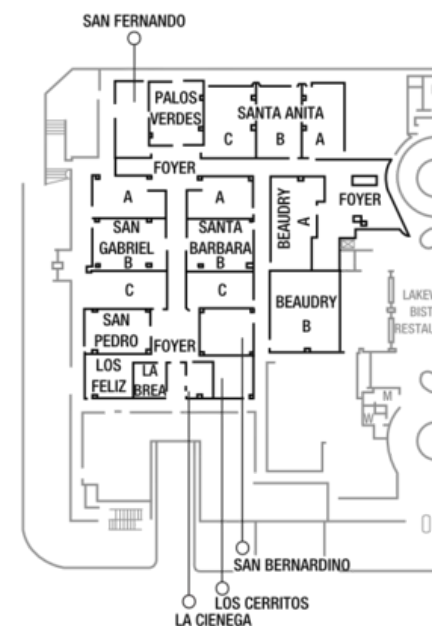

Please note: SVIN will assign exhibit booth spaces after all applications have been received. Assignments will be made based on level of support and order of applications received. Attempts will be made to accommodate special location requests but cannot be guaranteed.

Interactive booths get the most attention! Games and giveaway items are not required, but encouraged!

LEVEL 2 - CALIFORNIA BALLROOM

LOBBY LEVEL - FUNCTION ROOMS

STROKE EDUCATION

Basic Stroke Emergency Support, Advanced Stroke Emergency Support EMS, and Advanced Stroke Emergency Support ED is a Society of Vascular and Interventional Neurology Initiative. The purpose of SVIN's education courses is to expand knowledge and improve stroke outcomes. Stroke is the second leading cause of death worldwide. Current stroke education and the understanding of stroke scales and regional protocols is paramount for the improved outcomes of stroke patients.

Launched in 2018

This online course expands your knowledge on:

Basic Anatomy, Statistics, & Types of Strokes
Risk Factors, Signs, & Symptoms
BE FAST, EMS, & Detection Scales

This course is for:

General Public
Nurses
Physicians
First Responders
Hospital Personnel

BSES Support Funding Level: \$75,000

This funding will enable SVIN to do the following to support Basic Stroke Emergency Support:

1. Develop course updates
2. Course marketing
3. Translation of course into the following; Spanish, French & Arabic

Launched in 2019

This online course expands your knowledge on:

Stroke Detection Scales
Warning Signs & Symptoms
Treatment Options
Bypass & Transfer Protocols
Prehospital Triage

This course is for:

Nurses
Nurse Practitioners
First Responders
Emergency Medical Technicians
Paramedics
Police Officers
Fire Fighters
Physicians

ASES EMS Support Funding Level: \$75,000

This funding will enable SVIN to do the following to support Advanced Stroke Emergency Support EMS:

1. Develop course updates
2. Course marketing
3. Translation of course into the following; Spanish, French & Arabic

Launched in 2020

This online course includes all the preliminary education in the BSES module plus:

Detailed review of stroke triage in the Emergency Room
Deep Dive into the data for the use of IV Thrombolytics and Mechanical Thrombectomy
Review of methods to improve door to needle times
Review of the new Door to Device Metrics

This course is for:

Emergency Department Personnel
Emergency Room Nurses
Nurses
Physicians
Paramedics

ASES ED Support Funding Level: \$75,000

This funding will enable SVIN to do the following to support Advanced Stroke Emergency Support ED:

1. Course marketing
2. Translation of course into the following; Spanish, French, & Arabic

SVIN Journal

**\$50,000 Industry Support
at the 2022 SVIN Annual Meeting**

**American
Stroke
Association.**
A division of the
American Heart Association.

Stroke: Vascular and Interventional Neurology

<https://www.ahajournals.org/journal/svin>

Companies supporting the Gala at the 2022 SVIN Annual Meeting will receive signage recognition at the Gala as well as print recognition on the SVIN website, onsite program book, and mobile app. Proceeds from the Gala will support the S:VIN Journal, allowing us to continue waiving open-access fees for member publications.

SVIN Awards and Grants

SVIN offers a multitude of awards and grants during the Annual Meeting to encourage research in the field. These awards include: Pilot Grant Research Awards, Trainee Research Grants, Best Abstract Award, and the Young Investigator Award.

- The goal of the **Pilot Grant Research Award** is to help initiate pilot research projects that will further the field or understanding of Vascular and Interventional Neurology.
- The **Best Abstract Award** is given during the meeting for an outstanding scientific abstract submitted by a member of the Society.
- The **Young Investigator Award** is given during the meeting for an outstanding abstract submitted by a junior member of the Society (student, resident, or fellow).

Awards and Grants Funding Level:

This funding will do the following to enable SVIN to do the following to support Awards and Grants:

1. Offer grant funds to award recipients and trainees
2. Develop and provide Research Seminars

FUNDING LEVEL TIERS:

	Diamond Level \$100,000 +	Gold Level \$75,000 +	Silver Level \$50,000 +
Company logo listed on the SVIN Support page hyperlinked to your company's website	X	X	X
Complimentary courses of your choosing (BSES, ASES EMS, ASES ED)	75	50	25
Complimentary Annual Meeting registration(s)	3	2	1

REGISTRY + SVIN-SPEED

SVIN Registry

The SVIN Registry's purpose is to create a national surveillance system to assess the characteristics, treatments, and outcomes of patients with large vessel and distal medium vessel occlusion acute ischemic strokes (LVOS and DMVOS). Additionally, to facilitate efforts to improve the quality and safety of LVOS/ DMVOS patient care and investigate novel quality improvement methods. The SVIN Registry currently has 12 active sites. As of December 2021 there has been a total of 3,452 patients entered into REDCap.

- This funding will support the registry via:
 - Software expenses
 - Data & Research Coordinator
 - Data Migration
 - Statistical Analysis

	Gold \$50,000+	Silver \$25,000+
Company logo listed on the SVIN Supporter page hyperlinked to your company's website	X	X
Complimentary Annual Meeting registration(s)	2	1
Recognition by leadership at the Annual Meeting and on Annual Meeting Materials	X	

**All funding levels are customizable. Please contact meetings@svin.org to learn more.*

SVIN-SPEED

Stroke
Process
Efficiency &
Effectiveness
Driven initiative

The objective of the SVIN-SPEED initiative is to optimize stroke systems of care globally through assessment, training and education of emerging stroke thrombectomy hospitals on EMS stroke protocols, parallel workflow, data collection, and post acute intervention stroke care.

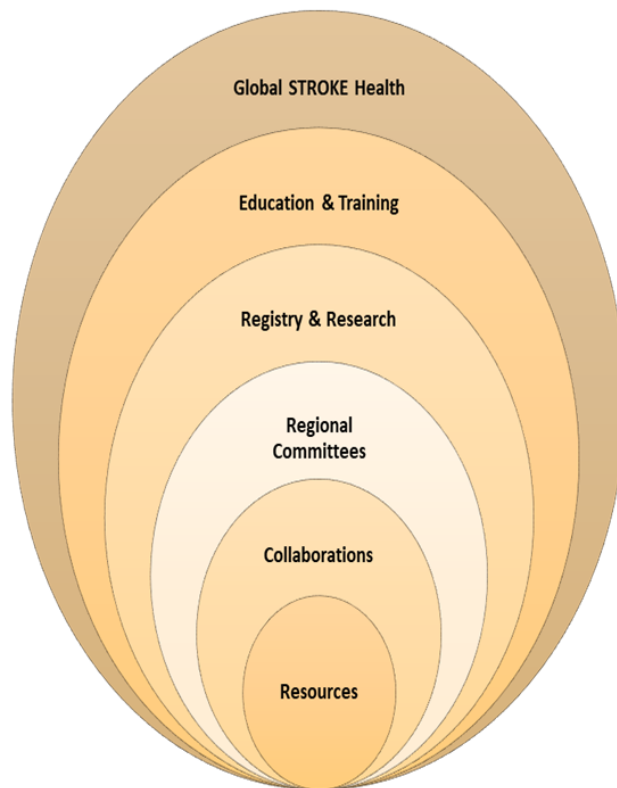

The target clients for SVIN-SPEED services will include:

- Consulting engagements
- On-demand webinars by KOLs
- SPEED certification and certification maintenance
- Stroke protocols and guidelines
- Stroke workflow tracking app
- Virtual case proctoring

MISSION THROMBECTOMY

On behalf of all of the committees of **Mission Thrombectomy**, we want to thank you for your continued collaboration and partnership with the Society of Vascular and Interventional Neurology (SVIN) Mission Thrombectomy. Your support has assisted us in addressing global disparities, regional committee activation, and establishing World Stroke Thrombectomy Day (WTD)-May 15.

Mission Thrombectomy focuses on expanding access to stroke care and mechanically thrombectomy domestically and globally. We have significantly grown since 2016, when the concept of Mission Thrombectomy was first proposed to stakeholders and industry. Since that time, Mission Thrombectomy went from one committee intending to double mechanical thrombectomy globally by the year 2020 to over 89 regional committees in over 125 countries and strategic partnerships to aid in making public health awareness about stroke and mechanical thrombectomy, building stroke systems, hosting educational opportunities, conducting research and sharing best practices all with the goal in increasing access to mechanical thrombectomy regardless of a country's income or size. We continue this journey by focusing on six key strategic areas:

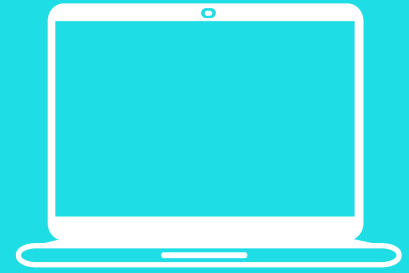

We appreciate the support as we work to achieve our mutual goal of improved access to stroke care and mechanical thrombectomy globally. Without the proper foundation of proper resources and collaborations, this critical work cannot continue. Your support remains central to our efforts as committees, staff, volunteers, a society, and the field of interventional neurology.

The funding needed to sustain this initiative in 2022, \$850,000.

- Diamond \$125,000+
- Platinum \$100,000+
- Gold \$50,000+
- Silver \$25,000+

WHO WE ARE

SVIN MISSION STATEMENT

Represent the advancement of interventional neurology as a field with the ultimate goal of improving clinical care and outcomes of patients with stroke and cerebrovascular diseases.

SVIN VISION

Become the leading global society for vascular and interventional neurology. To operate and represent a society of persons interested in the innovative treatment of cerebrovascular and other neurological disease.

To foster cooperation among specialists and sub-specialists

To foster scientific research in the field of cerebrovascular diseases and neurointerventional procedures

To raise awareness and disseminate knowledge concerning developments in cerebrovascular diseases and neurointerventional procedures

To promote and improve the training of vascular and interventional neurology

To address practical issues faced by specialists and sub-specialists
